

## General Information

The Hero 300 Super Beam is a 80W super efficient LED moving head beam basing on Hero 300 Beam. It uses more advanced optical system and projects brighter and more crisp beam effect.

## Features

- 80W white LED
- Super bright optical system
- 2 degree beam angle
- 1 Color wheel with 10 colors+open
- 1 Gobo wheel with 13 fixed gobo+open
- 1 effect color wheel with 7-color color wheel
- 16-facet prism
- 16 channel mode

## Specifications

### Optical

Light source: 80W LED

Color temperature: 6600K

LED lifetime: 50,000 hours

Beam angle: 2°

### Electrical

100~240V AC, 50/60 Hz Auto ranging power unit

Maximum power linking - 8 units.

### Control and programming

DMX 512, Auto, Sound, Master slave control mode

Control channels: 16

### Connections

Powercon in power connection

3-Pin XLR in & out DMX connection

### Construction

Color: Black

Housing: Engineering grade flame-retardant plastic

Environment: IP20 indoor use

### Thermal

Convection and fan cooling

Ambient temperature: -10° to 45°C(-14° to 107.6°f)

### Shipping information:

Package size: 450 x 370 x 510mm(17.7 x 14.6 x 20.1in)

### Accessories(included):

Power cable

2 omega bracket

Safety ring

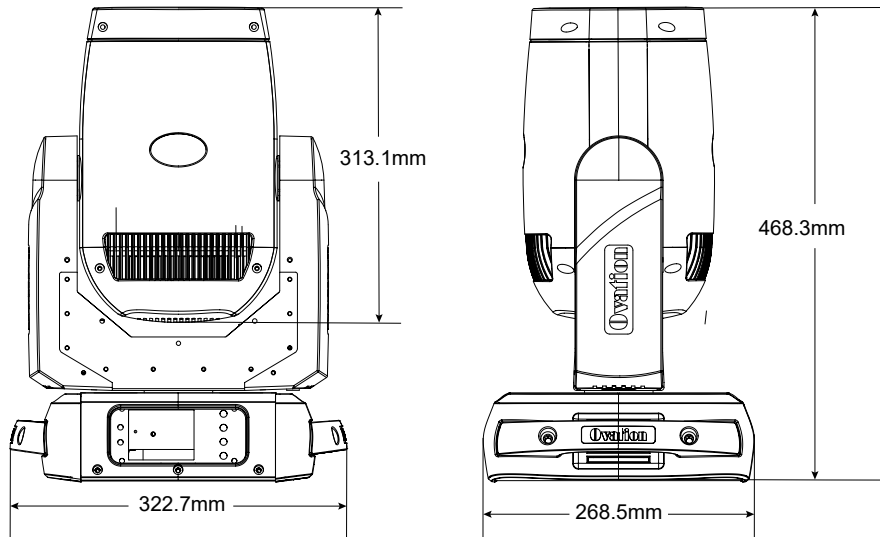

### Accessories(optional):

Clamp

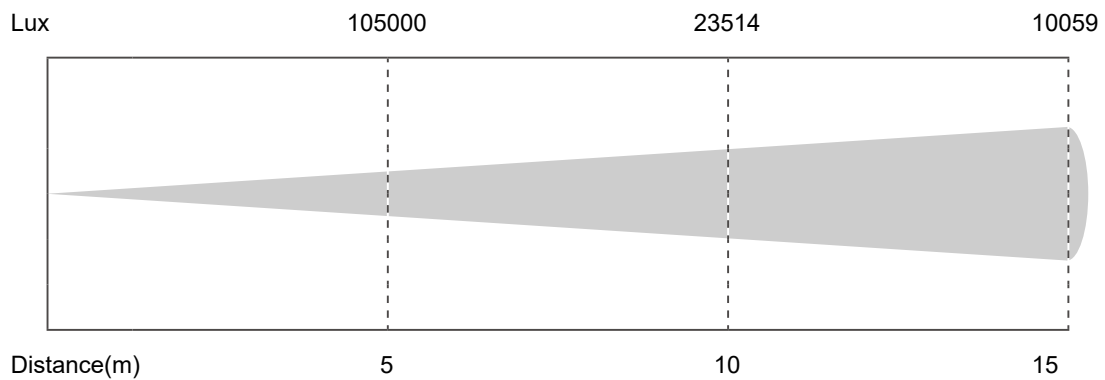

## Physical

Dimensions: 323 x 269 x 468mm(12.7 x 10.6 x 18.4in)

N.W.: 12.6kg(28lb)
